

Complexities of Chronic Pain Event

Chronic pain impacts more than 10% of Canadians under the age of 44. National Pain Awareness Week is November 4 to 10, 2012.

The purpose of National Pain Awareness Week is to bring attention to the very real invisible disorder millions of Canadians suffer from and to highlight the need for research and new, innovative treatment and management options.

If you suffer from chronic pain you may feel lost, lonely and misunderstood or if you have a family member or loved-one dealing with the complexities of chronic pain please join us November 5, 2012 from 6:30 pm to 9:30 pm to promote awareness and find support.
